

IMPRESSIONS CATERING MINI DESSERTS

New Mini Dessert Trays

One of the hottest trends this year are bite size mini desserts. Impressions catering is excited to launch our new mini dessert and mini cheesecake catering trays. Perfect as an afternoon snack option for meetings or lunch/dinner add on items, these bite size desserts are a sure-fire way to increase your average cheque and increase your nontraditional catering day parts.

The mini dessert tray features a choice of 3 decadent bite size desserts. Customers choose from chocolate brownie bites, Apple Caramel Coffee Cakes, Lemon Crunch Supreme Bars or Fruit Napoleons. The mini cheesecake tray features miniature New York Style Cheesecake, Raspberry Swirl Cheesecakes and Turtle Cheesecakes. Offer each tray separately or allow your customers to customize their own decadent bite size dessert tray from an a la carte list (3 cheesecake flavours and 3 mini desserts). Please note the Mini Dessert and Cheesecake platter is only available in a large size.

Offer the trays in small/medium/large formats to accommodate all group sizes and to allow your catering managers to upsell smaller trays as add on's, whereas larger trays are perfect for an afternoon break option with coffee and tea.
